WELCOME TO THE 2016 MENDOCINO COUNTY MUSHROOM, WINE & BEER FESTIVAL

Visit Mendocino County and its partners invite you to join us November 4-13, 2016 for the annual **Mendocino County Mushroom, Wine & Beer Festival!**

Each year in late October, as the first rains start to fall, mushrooms flourish in abundance in Mendocino County, which is home to over 3,000 types of mushrooms. It's the perfect place to sample and pick some of the 500 types of delicious edible mushrooms, such as chanterelles, porcinis, morels, hedgehogs, and even the extremely rare candy cap mushroom, a culinary treat with an intense maple syrup flavor, which grows only along the northern coast of California (and makes for delicious ice cream!).

To celebrate this cultivation of mushrooms, we have partnered with many businesses and organizations throughout the county to offer a menu of mushroom, winemaker, and brew master dinners, mushroom exhibits, guided mushroom forays, outdoor adventures, lodging specials and much more in this guide and on our website!

Events take place throughout the County, from the inland valleys to the coast. Plan your trip at www.visitmendocino.com or by calling 1.866.466.3636.

WHERE CAN I FORAGE?

Many folks have their secret spots in the county either on private property or at a resort that allows guests to hunt for mushrooms. If you're unfamiliar, it is recommended that you go with an experienced forager or join one of the many guided walks offered in the brochure as it is illegal to forage in State Parks and there are many poisonous species of mushrooms in the wild.

For a Mushroom Gathering Permit, please call **707.964.5674** or visit <http://calfire.ca.gov> and search for the Mushroom Permit link. Maps, applications and FAQs can also be found on the website. The Jackson State Demonstration Forest offers permits for \$20.
